Internship

Data Science Intern

June 2025 – Aug 2025

InternPro

- Performed data cleaning, preprocessing, and exploratory data analysis using Python to identify seasonal weather patterns and trends in weather dataset for the team project.
- Built and evaluated a predictive machine learning model for weather forecasting using Scikit-learn.
- Created data visualizations using Pandas, Matplotlib, and Seaborn to communicate insights effectively.

Projects

Air Quality Analysis and Pollution Hotspot Detection | Python, Pandas, Seaborn, Matplotlib, Plotly

March 2025

- Analyzed India's air quality dataset to study pollutant levels such as PM2.5, PM10, NO₂, SO₂, and CO, performing data cleaning and exploratory data analysis using Python.
- Built visualizations using Matplotlib, Seaborn, and Plotly to identify pollution trends and city-wise patterns.
- Identified pollution hotspots through AQI and spatial analysis across different regions.
- GitHub Repository Link: <https://github.com/sabeena0/air-quality-analysis-and-pollution-hotspot-detection>

Delivery Agents Performance Dashboard | Power BI

December 2025

- Built an interactive Power BI dashboard to analyze delivery agents' performance using metrics such as total deliveries, delivery time, feedback and efficiency.
- Designed KPI cards, charts, and filters to track performance trends and compare agent productivity.
- Generated data-driven insights to identify operational gaps and support better delivery management decisions.
- GitHub Repository Link: <https://github.com/sabeena0/Delivery-Agents-Performance-Dashboard>

Certifications

Cloud Computing

May 2025

NPTEL — Certificate Link

Introduction to Data Analysis using Microsoft Excel

August 2024

Coursera — Certificate Link

Technical Skills

Languages: Python, C++, Java, SQL

Libraries: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Plotly

Technologies/Tools: MySQL Workbench, Power BI, Microsoft Excel, Jupyter Notebook, VS Code

Concepts: Data Structures and Algorithms, DBMS, Operating Systems, Data Analysis

Education

Lovely Professional University Punjab

Computer Science and Engineering — CGPA: 8.94

2023 – present

Jalandhar, Punjab

Jindal Adarsh Gramya Bharti school

2022– 2023

12th with Science — Percentage: 89%

Raigarh, Chhattisgarh

Jindal Adarsh Gramya Bharti school

2020 – 2021

10th — Percentage: 97%

Raigarh, Chhattisgarh
